Wednesday 1st December 2021

Dear Parent/Guardian,

As many of you may be aware, Gaia the Earth Model from COP26 is currently in Rochdale. To celebrate this and to give the children more information on COP26, which was a huge event that they have lived through, we will be having an 'Earth Day' in school on Monday 6th December.

Each year group will have a particular eco focus to explore, e.g. the polar ice caps melting, the deforestation of rainforests etc. Once the children have explored the global sustainability issues, we will be focusing on what we can do on a smaller scale to make a positive difference to the global issues.

On this day, the children can come to school wearing green/blue clothes (just like the earth) rather than their school uniform.

We are sure this is going to be a wonderful and informative day for the children, so please remember to check out Twitter to see all of the exciting things that will take place on the day.

As always, we thank you for all of your cooperation.

Mrs Boycott and Miss Wilkinson.

History, Geography and Eco Coordinators
