Introduction

The purpose of the policy is to ensure that there is clarity over those items which the school will provide free of charge and for those items where there may be a charge.

Definition

The usual school day is defined as: 8.30 am to 3:00 pm. The midday break does not form part of the school day.

Responsibilities

Ms Sarah Bollado (head teacher) will ensure that staff are familiar with and correctly apply the policy.

The Governors will review the policy

Policy Statement

During the school day all activities that are a necessary part of the National Curriculum plus religious education will be provided free of charge. No charge will be made toward the transport cost of team games e.g. basketball, football etc. This includes any materials, equipment and transport to take pupils between the school and the activity. It excludes charges made for teaching an individual pupil or groups of up to four pupils to play a musical instrument. Unless the teaching is an essential part of either the National Curriculum or a public examination syllabus being followed by the pupil(s), we will make a charge.

There will be no charge for any activity that is an essential part of the syllabus for an approved examination unless:

1. the examination is on the set list, but the pupil was not prepared for it at this school
2. the examination is not on the set list but we arrange for the pupil to take it
3. a pupil fails without good reason to complete the requirements of any public examination where the governing body or the LA originally paid or agreed to pay the entry fee.]

Voluntary contributions may be sought for activities during the school day which entail additional costs, for example field trips.

In these circumstances no pupil will be prevented from participating because his/her parents cannot or will not make a contribution. (If insufficient funds are available it may be necessary to curtail or cancel activities).

From time to time we may invite a non-school based organisation such as a drama group to arrange an activity during the school day. In this case, school may ask for a voluntary donation to be made.

Optional activities outside of the school day

We will charge for optional, extra activities provided outside of the school day, for example a theatre trip.

Education partly during the school day

If a non-residential activity happens partly inside the school day and partly outside of it, there will be no charge if most of the time to be spent on the activity falls within the school day. Conversely, if the bigger proportion of time spent falls outside of the normal school day, charges will be made. When such activities are arranged parents will be told how the charges were calculated.

Residential

Charges will be made for board and lodging, except for pupils whose parents are in receipt of eligible benefits/pupil premium subsidies, where there may be contributions made by school.

Other charges will be made to cover costs when the number of school sessions missed by the pupils totals half or more of the number of half-days taken up by the activity. In such cases parents will be told how the charges were calculated.

Calculating Charges

When charges are made for any activity, whether during or outside of the school day, they will be based on the actual costs incurred, divided by the total number of pupils participating. There will be no levy on those who can pay to support those who cannot or will not. Support for cases of hardship will come through voluntary contributions and fundraising.

Parents who would qualify for support are those who are in receipt of eligible benefits.

The principles of best value will be applied when planning activities that incur costs to the school and/or charges to parents.

The Governors reserve the right to charge parents if their child is found to be responsible for the wilful destruction of school property.
