

Science

This term, we will be studying properties of materials. This links in well with our topic, where we will be learning how chocolate is made. We will be doing lots of different experiments and working scientifically investigations.

PE

PE will be taught by Mr Senior on Tuesdays and Miss Glynn on Wednesdays. **We will continue to go swimming this term.**

Please can you ensure your child has named PE kit in school on those days. With the weather setting in, you might want to consider having some tracksuit bottoms for your child to wear during PE.

Music

We will be learning about Jazz music and start to use our music books to further develop our improvisation and composition work.

French – as-tu un animal?

We will learn how to present both orally and in written form about pets we have or don't have in French. We will move from first to third person.

English

Following on from last half term, we are continuing our work in English by completing setting descriptions, looking at letter writing and studying the classical poem, The Highwayman. Spelling and handwriting are both priorities for our class.

RE

We will start our half term off by continuing our unit around Life Choices and marriage. We will then hold a week based around Judaism, after which we will be studying the seasons of Advent and Christmas in more detail.

Computing

In Computing lessons, we will be learning how to use a spreadsheet and how to edit photos as well as make our own animated GIF.

Life to the Full

We will start our first unit based around how we are created and loved by God. Please access your 10:10 portal for more information.

Mathematics

We will be continuing our learning by looking at multiplication and division, including factors, square numbers, cube numbers and prime numbers. For the majority of the half term, we will be studying fractions. If your child does not yet know their times tables, now is a good opportunity to make use of Times Tables Rockstars as much as possible.

Humanities (History/Geography)

During our topic, we are going to be learning about trade, globalisation, import and export and Fair Trade. We will look at how trade has changed throughout history and the fairness of trade.

5T Autumn 2
Does Greed Corrupt?

Art & Design Technology

In Art, we will continue to look at art and design skills. In D/T, we will design and make stuffed toys, learning different stitches.
