

13th March 2024

Dear Parents/Carers

School Meal Cost Increase from 1 April 2024

Our school meals are provided by Fresh Kitchens, unfortunately the cost of providing your children with a hot, nutritional and healthy two-course meal will need to increase from £2.70 to £2.85 from the 1st April 2024.

The ongoing global challenges continue to have a significant impact on food ingredient, availability and costings, added to which the increasing production and distribution costs are resulting in huge inflationary pressures across the whole economy, including the food sector.

Our commitment is to serve delicious, high-quality, nutritious meals cooked from fresh ingredients, which can be produced on site by the fully trained staff. All of the food and meal choices meet the Government's guidelines for school meals, including the School Food Standards and the School Food Plan.

Yours sincerely

Mrs S Bollado
Headteacher
