

Science

This term, we will be studying Animals including Humans. In this topic, we will be studying the human body- identifying and naming the main parts of the human circulatory system, recognising the impact of diet and describing ways in which nutrients and water are transported within animals and humans.

PE

PE will be taught by Mr Senior on Wednesdays and Fridays. Please can all PE kits and coats be clearly labelled with names. The children will be developing their American Football skills this half term.

Year 6 - Why do we need to save our planet?

Our topic 'Why do we need to save our planet?' runs throughout the heart of the curriculum in Year 6 this term.

English

Our work this half term is based around the following texts:

- The Land of Neverbelieve by Messenger
- Alice in Wonderland by Lewis Carroll
- Jabberwocky by Lewis Carroll

The children will be focussing on writing for a clear purpose – thinking about their audience. They will continue to apply their grammatical knowledge and focus on the cohesive devices needed when writing. We will be writing setting and character descriptions, narratives and non-chronological reports.

RE / SMSC

Our focus this half term will be reconciliation. We will be discussing what gives a person comfort when they are very ill. We will look at various scripture, have a talk from Miss Dakin about Lourdes and understand more about the Sacrament of the Sick and its importance.

Music

Mr Doherty will be working with the children on composition, included notation. The children will be performing their own compositions and appraising their pieces.

Mathematics

In arithmetic, we will be recapping formal methods of long multiplication and division. We will also be consolidating our knowledge of fractions, decimals and percentages.

In maths lessons we will be focusing on shape, perimeter and area. We will also be unpicking word problems and answering two and three step problems which use the four areas of calculation.

History/Geography

Earth Day 22nd April 2024

We will be focussing on how plastic ends up in oceans and know that it is deadly for marine life and can end up in the human food chain. Will plan and complete an enquiry: "How clean is our area and what could be done to make it better?"

Art & Design Technology

We will be using the skills learned to design and create persuasive materials to encourage people to look after the planet.
