

A spelling platform designed by a team of Primary School teachers. It is built with primary school students, teachers and parents in mind and aims to make spelling fun for students.

Spelling Shed includes:

- A whole-school spelling scheme, giving 100% coverage of the National Curriculum.
- A tablet and mobile game for students to use to practise spelling.
- An online game, which gives access to our platform on all current desktop, laptop, tablet and mobile devices.
