25th September 2020

Dear Parent/Carers,

Your child should have been sent home today with a work-pack for them to do for the remainder of the day. There are a lot of activities and we do not expect them to complete them all!

From Monday, your child will be able to access remote lessons, set by their teacher, through Class Dojo.

If your child does not have a device they can use, or no WIFI, please notify the school office today and we will provide paper work-packs.

I'd like to stress that the use of devices is a much more effective way of learning for your child and guarantees daily contact with their teacher. We would only suggest work-packs if there is absolutely no access to a device/WIFI.

Yours sincerely,

Mr. M. McGrail
