Friday 25th September 2020

Dear Parent/Carers,

I hope this letter finds you safe and well.

As we move through September, more and more schools are having to close class and year-group bubbles due to covid-19. When this happens, it is the DFE's instruction that those children affected will be required to work from home, within a timetable akin to a normal school day. We will do this through remote digital learning, as we did in the previous lockdown.

We appreciate that there may be some children who do not have devices/WIFI at home and will thus need to use paper work-packs. If this is the case for your household, please contact the school office as soon as possible to inform us so we can begin to make arrangements for this.

I'd like to stress that the use of devices is a much more effective way of learning for your child and guarantees daily contact with their teacher. We would only suggest work-packs if there is absolutely no access for your child to a device/WIFI.

May I also take this opportunity to thank-you for your continued support in this difficult time.

Yourselves and your children are working extremely hard in conforming to all the new changes and measures we have put in place.

Yours sincerely,

Mr. M. McGrail
