Wednesday 2nd December 2020

Dear Parent/Guardian

The school is taking part in the national initiative Switch off Fortnight where the aim is to reduce the amount of energy we are using in order to create a greener environment. To celebrate the event, we are hosting a 'Reduce the Use' day on Friday 4th December 2020 where the whole school will aim to reduce the amount of energy they are using during the day. Children will be learning about their carbon footprint and will aim to understand how small changes can make a big difference to our planet.

This day will be a non-uniform day and we ask children and staff, if possible, to wear something which incorporates green to celebrate the event.

Please take a look at the school dojo page where you will find some ideas on the for reducing energy consumption at home.

Thank you for the continued support.

Mrs T Campbell
