Dear Parents/Carers

Further to my earlier letter, I write to update you on the partial closure of our school.

This afternoon I have received further notification from a number of staff members that they will not be returning to face-to-face teaching tomorrow, following union advice.

Please see the table below:

I am very much aware of the stress and strain all this uncertainty is causing our community. Please know that I am trying to do the very best for our school in the most extraordinary of circumstances. It is likely that plans may change and change quickly over the coming days. All we can do as a school is plan based on what we know and then re-plan based on what changes.

Thank you for your support and patience.

Yours sincerely

Ms. S. Geddis
