Dear Parents/Guardians,

I do hope you are keeping well and staying safe.

Remote learning seems like a long time ago now that the children are settled back in school. However, it has come to our attention that, during remote lessons, there were several instances when children photographed some of the teachers and may have been sharing these photographs on social media sites/apps. Obviously, this is completely against our remote learning policy, safeguarding addendum and breaks GDPR. Therefore, can I urge you to check your children's phones to ensure that there are no such photographs stored on their devices. If there are, can you please delete them. Please also check their social media and delete as applicable.

Can I also take this opportunity to remind you that there are age restrictions on social media apps and details of these can be found on our school website.

Thank you for your help and co-operation in this matter.

Yours sincerely,

Mr. McGrail
